

## **Vehicle Kit List**

### **The following items are compulsory equipment required by any responding Herefordshire 4x4 Response Team vehicle.**

- Fire extinguisher at least 1kg
- Herefordshire 4x4 Response Team Hi-Viz waistcoat
- Recovery strops one long and one short to give flexibility in recovery situations.
- Shackles suited to the number of straps carried and all SWL tested).
- Tool kit, as basic as a set of screwdrivers and spanners with a hammer should suffice as a minimum.
- A good torch, Mag-lites are suggested but other brands are suitable. Spare batteries and bulbs are also recommended.
- Shovel.
- Wellingtons or sturdy boots.
- First Aid kit preferably with the knowledge of how to use it.
- CB radio.
- Notepad and pencil (pencil more reliable than a pen in most situations).
- OS maps of the local area ( as a minimum).

### **The following items are not compulsory but recommended.**

- Change of clothing (We may be working late at night in the wet and cold).
- Saw, bow saw or similar.
- Work gloves, latex gloves and heavy duty work gloves for personal protection.
- Hard hat.
- A recovery bridle is also recommended to minimise stresses placed on your vehicle under recovery situations.
